### Guess who's coming to dinner?

■ Daniel Mercer

At times it was hard to tell who was  
there to see whom.

There was the Prime Minister,  
Malcolm Turnbull, with his entourage  
of staffers and minders. Then there  
were the children around the table  
handing out copies of signed

pamphlets to the country's most  
powerful person.  
Whichever the case, one thing  
wasn't in dispute — the strawberries  
being rolled in dried coconut  
shavings were healthy for kids with  
type 1 diabetes. And delicious. "It's  
good to see you having a bit of  
strawberry with your coconut there,"

Mr Turnbull quipped to one child.  
His visit to the Telethon Type 1  
Diabetes Family Centre in Stirling was  
marked by stories of how people  
cope and technology such as  
"carbohydrate counters" helps. Mr  
Turnbull was told smartphones  
helped parents to monitor children's  
blood sugar levels.
